Becky,

FYI, in run up to the 4 pm call with Stacey – attached are the two FOIAs we’ve received so far. The Center for Biological Diversity also issued a press release promising as a FOIA request, and to “scrutinize” EPA’s ESA compliance (also see attached). We assume we’ll receive many more FOIA requests, as well.

Attached are two FOIAs pertaining to the Gold King Mine / Animas River Spill of August 6 and have been assigned to EPR for response.

I have spoken with Noah to ensure that the response is coordinated with ORC and OCPI.

This email provides the Print File of the FOIA request.

Please let me know if you have any questions.
